

JULY 2024

NATIONAL DOCTORS' DAY

National Doctor's Day is celebrated on July 1st each year to honor physicians and the contributions they make to society. On this day, people can express their gratitude and appreciation to doctors for their hard work, dedication, and compassion on behalf of patients, colleagues, and communities.

The opportunity to recognize the critical role physicians play in preserving and enhancing public health and wellbeing was presented in a seminar to the students by eminent Dentists Dr. Gayathri Anilkumar, in her speech she reached out to the students of Grade 8 to 12 on the importance of oral hygiene. She not only spoke of dentistry as part artistry and its major role in the field of aesthetics but also reiterated the significant role played by oral health in the general health of a human being. & Dr. Sunil Mahale was guiding students on oral hygiene and the methods of brushing for our little ones of Grade Pre-primary to Grade VII. Their speech was an inspiration and energized the students.

RAINBOW WEEK

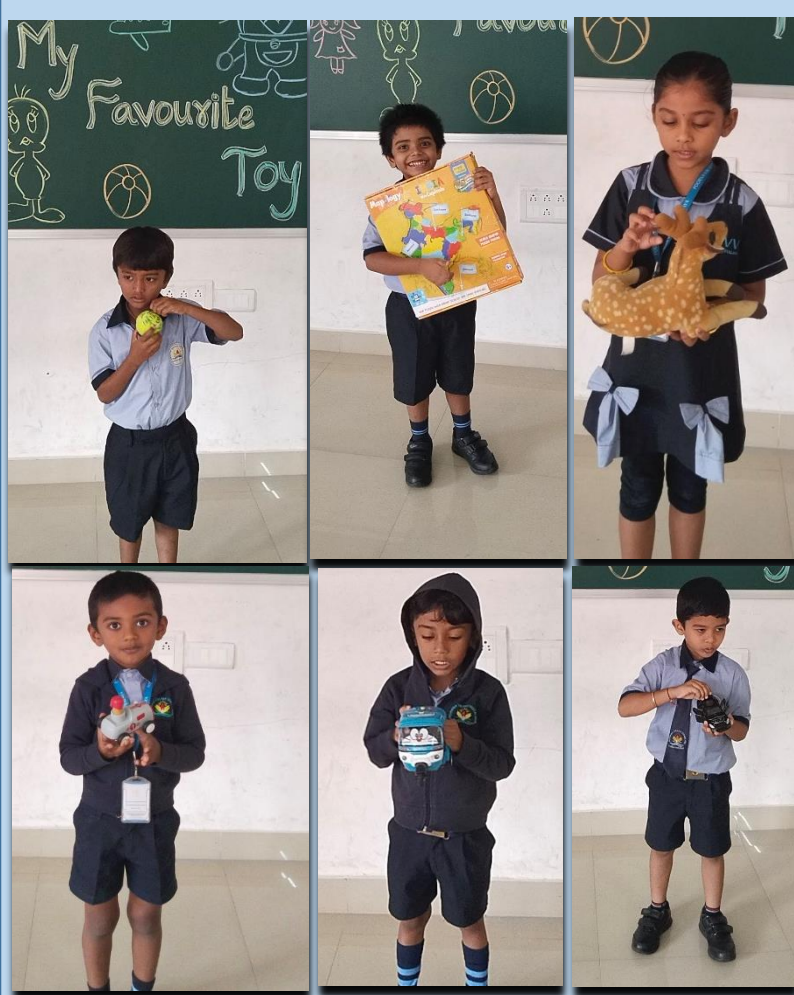

Our world is filled with colours, a very important part of learning during Kindergarten years is identification and recognition of colours.

At PVV, children celebrated rainbow week from 22nd July to 30th July. Seven colours for seven days - **VIBGYOR!**

Children came to school dressed in different colours each day.

The curriculum is planned to enable the children to experiment with a wide range of activities based on colours. Teachers and children spoke about colours during the class time, sang rhymes on colours, children enthusiastically participated in different activities. It was an excellent learning experience for children, which will enhance their visual discrimination also.

SHOW & TELL ACTIVITY

At PVV, Pre-Primary Wing organized a Show and Tell Activity on 12th July for PP2 and PP3 classes to strengthen their verbal skills and to foster public speaking competency of the young minds.

This activity has definitely helped them to build their self-confidence and self-esteem. It enabled them to improve their descriptive skills by communicating feelings, thoughts and emotions with words.

The students were informed to bring their favourite toy or any object of their choice. They were excited to share their descriptive narration and waited eagerly for their turn to show and tell. Thus, this event helped our tiny tots to build their social, emotional and language skills.

It was an interesting and thrilling experience for the kids sharing their feelings with peers which provided a fun and comfortable learning arena.

COLOURING COMPETITION

KARGIL VIJAY DIWAS DRAWING & COLOURING ACTIVITY

"Soldier is our pride and army is our glory"

Kargil Vijay Diwas is a day that evokes a sense of pride and patriotism in every Indian's heart. It acts as a reminder of the military's commitment of India's National Security and Sovereignty.

A session was especially dedicated to the sacrifices made by our brave soldiers, who left the comfort of their homes and families to protect us. On remembering our soldiers we conducted a drawing & colouring activity.

The colouring activity can help children to learn the skill of patience. It sparks their imagination and gives children an opportunity to express themselves.

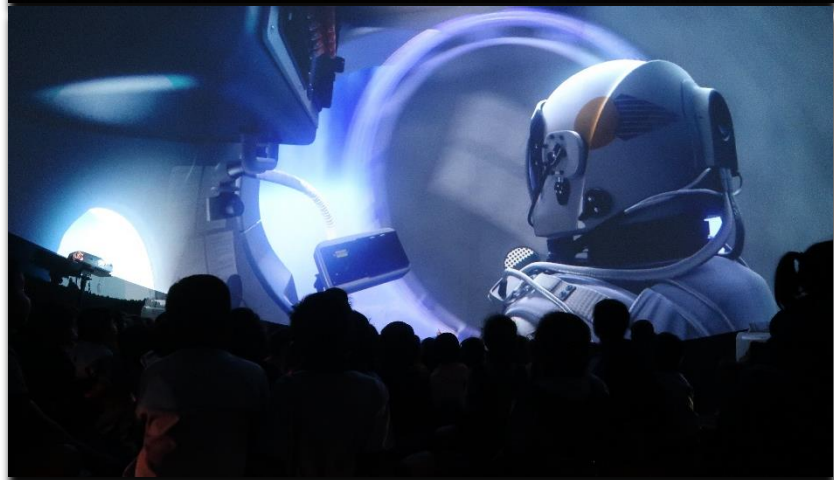

The activity was held in their respective classroom and was open for all students to participate in the activity. As an avid art enthusiast, the kids couldn't resist the opportunity to showcase their skills and creativity. They drew pictures related to Kargil Vijay Diwas & coloured the pictures where they drew flags and soldiers.
